Welcome to Ganache Chocolatier!

Exquisite chocolates beautifully presented. For two decades, Ganache Chocolatier has been creating a feast for both your eyes and your palate. We start with the finest ingredients. Then we use Old World and innovative techniques to create treats that look almost too good to eat. That's the philosophy behind our handmade gourmet truffles, creams, toffees and nut barks as well as countless other Ganache™ confections enjoyed across the United States and around the world. In addition to our wonderful chocolates, we also offer a full coffee bar, because what better way to enjoy delicate truffles than with a cup of coffee?

Located in historic Zionsville, Indiana, we believe in hand-making the finest chocolates to provide our customers with treats they will instantly love. Rich flavors, a wide array of chocolates, and beautiful packaging are all part of what makes us unique and unforgettable.
